All over the world, children and youth represent the demographic that is most receptive to spiritual and developmental input.

There is a new focus on Children's ministry in the nation with the 4-14Window.com. The theme at this year's National Conference was *"pass the baton to the next generation"*. Around 150 people joined in Tokyo and Regional events are also starting across Japan.

COMMUNICATION X 48HRS FILM CHALLENGE

The First 48hours Film Challenge was a great success with Andreas Kranzler in October, followed by the Christmas Campaign in December. It was attended by 15 young people from 10 churches and hosted at 7MEDIA.org.

Film Challenge was held for Christian creatives, churches and ministries. The aim was for youth with passion to gather and to create a professional film presentation, illustrating the essence of the Christmas narrative in a Japanese context. The participants has received hands-on learning experiences, online evangelism using social media and online campaigns using the created film content in a cost effective manner.

An exciting short film was made "from concept to completion" within the 48hrs and was used for the 2016 Christmas Campaign with THE4POINTS.jp. The Campaign reached tens of thousands of the Next Generation across the nation.
