

2017 FOCUS

Victorious Year

This year 2017 will be the year of VICTORY and BREAKTHROUGH! The Number 17 symbolize "OVERCOMING the enemy" and "COMPLETE Victory" in the Bible. It is not some victory here and there or in some areas, but it is COMPLETE Victory!

We strongly believe that God has set this year for the global body of Christ and the nation of Japan to experience COMPLETE Victory and Breakthrough in Jesus! Journey with us to EXPERIENCE what God is doing in Japan!

SHINE Experience 2017

SHINE Experience will be starting from May 22nd and run until June 4th! It will be 2 weeks of EMPOWERING the next generation and local churches, ENGAGING with youth culture and community, and EQUIPPING to live the lifestyle of sharing Jesus, for transformation to come in the nation of Japan!

In the aspect of EQUIPPING, we will be inviting dynamic ministries from all over the world to give practical tools into the hands of people to live a lifestyle of sharing Jesus!

THE4POINTS (Japan) - we will give young people practical tools to help tell their friends about Jesus.

Youth Alpha (HongKong) - the course is designed to engage students in conversation about faith, life and Jesus.

yesHEis (Australia) - transforming the world by enabling people to share their faith anywhere anytime on the online mission field.

SHINE Generation (Switzerland) - this movement of bold people that stand up and shine their light wherever they are.

This is building momentum from SHINEJapan.org and we will be celebrating **Global Outreach Day** on May 27th and 10 days of prayer build up to **Global Day Of Prayer** on June 4th.

Vision 2020

We are on a journey to 2020 when the Olympics & Paralympics will come from Rio to Tokyo. Before this we will have Rugby World Cup in 2019 across 12 cities in Japan.

These global sporting events create unprecedented opportunity for ministry in Japan! We can focus on the next generation of Japanese through sports ministry. This is also a significant chance for our churches to connect with our communities in new approaches.

Media can connect in dynamic new ways. Many international guests will come to Japan. Lets make the most of the opportunities God is giving to us.
